

POWER GENERATION  
FOR GENERATIONS

# QUIT PIECE BY PIECE. GO SOLAR AT PEACE.

Novergy Solar Kit is a professionals' choice  
to build robust and reliable systems.

# 4 REASONS WHY NOVERGY IS A SMART CHOICE.

1

## Ready to pick Packages.

We offer a predesigned package, optimised to fit your need.

## Lesser Time in implementation.

Forget finding compatible parts and engineering a package. Simply guarantee maximum output to clients.

2

3

## Take it and Go.

Take our solution ready-to-install at your site. Smart choices, make you look smarter and efficient.

4

## One Call Away.

At any point if you need to fix a glitch with the system, call us and we'll be at your service. Just one call and problem solved.

**Quick.**  
**Simple.**  
**Reliable.**

# 4 PROBLEMS THAT OCCUR WHEN YOU PIECE SEPARATE PARTS?

1

## Reinventing the Wheel.

Every time you sit and engineer every small component of the system to optimise efficiency.

2

## Assembly takes Ages.

Once your math is solved, coordinate with various vendors to deliver each product.

## Installation hassles.

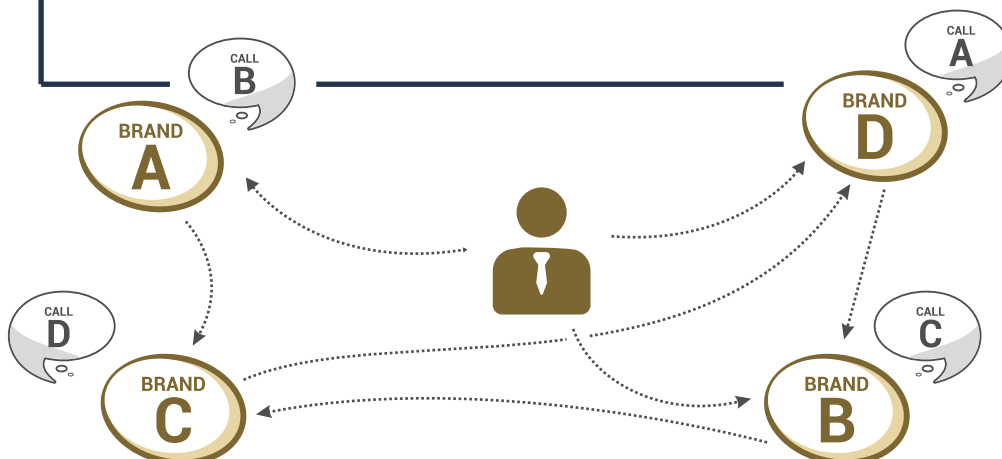

With multiple brands, fitting components to work smoothly takes a toll for you. Other brands have no liability.

3

4

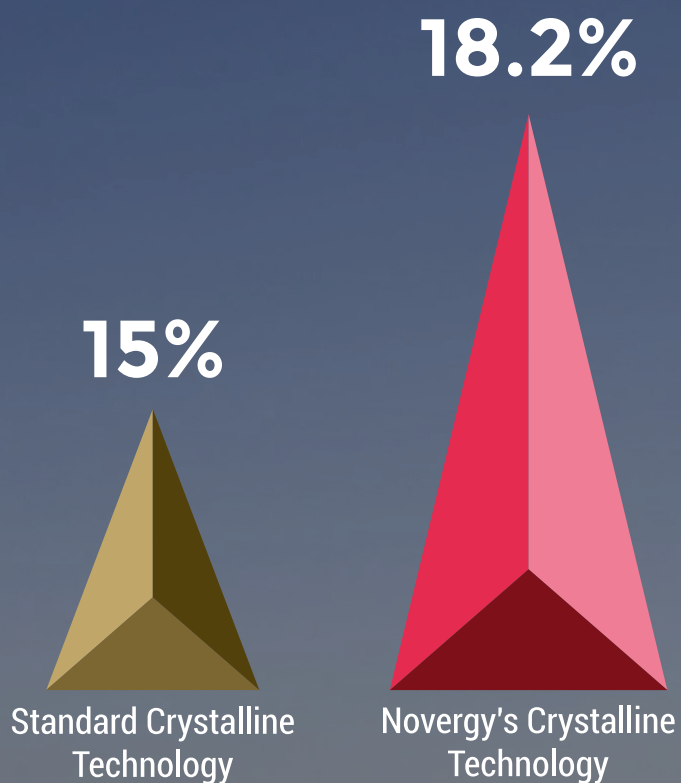

## Fixing a Glitch becomes an Issue.

While you rely on a brand for customer care, they pinpoint the other component to be the faulty piece. It's a cycle of endless calls from one to another - while a dissatisfied client sits in the corner.

## Stuck with Excuses.

# GENERATE UP TO 20 PERCENT MORE SOLAR ENERGY WITH NOVERGY.

CELL EFFICIENCY

>21%

# WE OFFER PRE-DESIGNED AND PRE-ENGINEERED PACKAGES THAT ARE READY TO INSTALL.

## ON-GRID / GRID-TIE / BATTERY LESS SOLAR KITS

# WHY NOVERGY'S SOLAR KIT ?

## Certified, Premium and Proven Technology

Novergy has installed over a million solar panels that are running seamlessly across sectors.

## Compatible Components Generate Maximum Output

All parts are Solar grade, carefully selected to match each other. This ensures maximum energy harvest. Often integrators mismatch components resulting in poor output.

## Hassle free Installation in No Time

Our ready-to-use systems are reliable and safe. Every package is carefully planned to meet any industry or office needs easily.

## Unmatchable Client Satisfaction

We have a 97% repeat client rate. Our systems perform efficiently with quick service support to resolve queries/issues.

## No Consulting Fees from our Solar Experts

Get guidance and tips about your selected solar system from our experts to optimise your usage.

## One stop Solution for Everything Solar

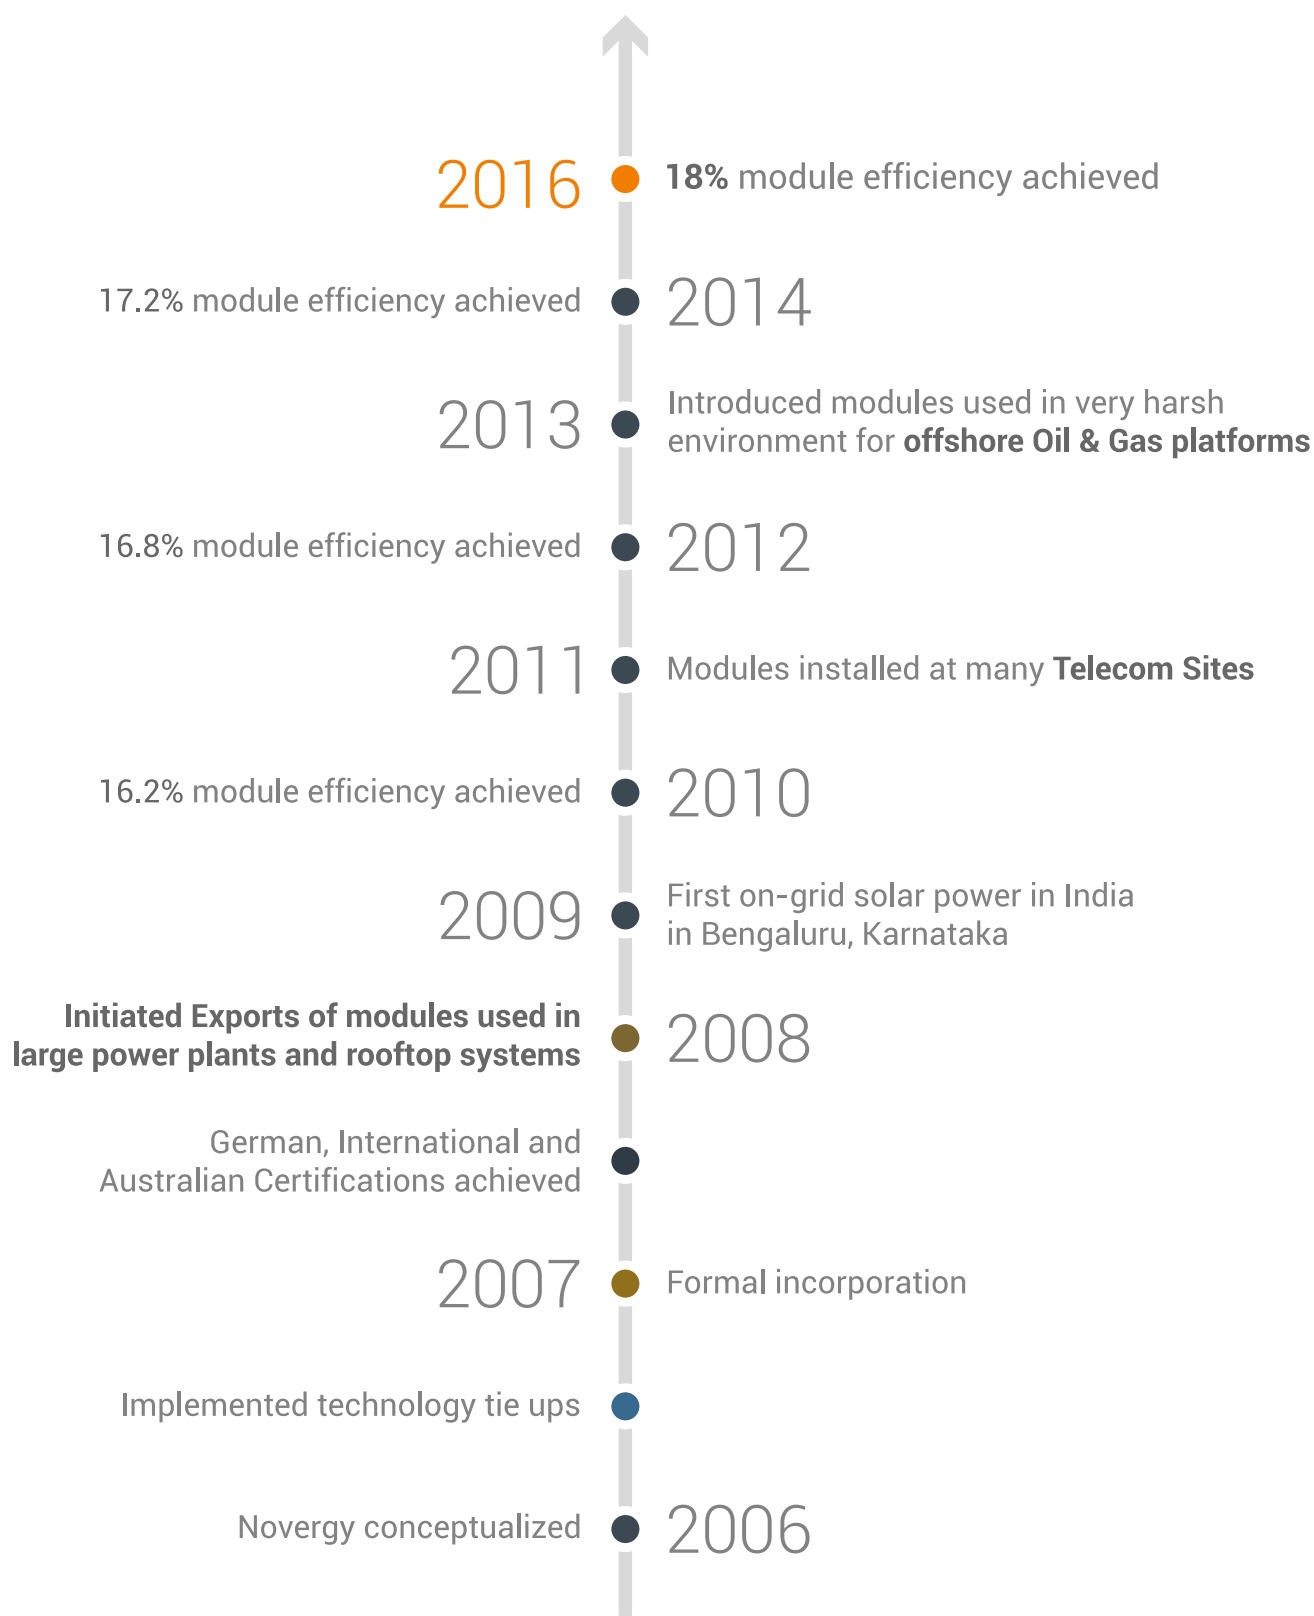

We offer all types of solar — On-grid / off-grid / hybrid and more.

## CERTIFICATIONS / COMPLIANCE / ADHERING / TESTED

## Our Journey

# NOVERGY MILESTONES

# NOVERGY SITES. CLIENT SNAPSHOT.

Products being used by various leading MNCs, corporates, solar EPC companies, Institutions and global organisations. Novergy products are exported to nearly 30 countries.

## GO SOLAR WITH A ROBUST AND EFFICIENT SYSTEM.
